Against The Wind
3748 N. Scottsdale
Scottsdale, AZ
480-945-3458

I have known Jennifer for a little over 3 years now, what a happy and hard working woman she is. When she told me that her and her husband Tony had open their own leather shop in Scottsdale I had to go see...WOW she has some really nice things!

This is what she told me...Tony has been riding Motorcycles for over 30 years. They actually met when she asked for a ride on his Harley that was nine years ago. I have my own Harley but I prefer to be a passenger. We are members of Shadow Mtn. ABATE and I am on the Board of Directors for the State of AZ. Enough about us let me tell you about our store "Against The Wind" Leathers & Apparel. We opened our doors November 12, 2005 and we just had our one year anniversary. Against the Wind is not your typical leather store as every one says as they enter our store. I wanted an old vintage looking store so we remodeled and put in hard wood flooring and old Black & White posters. My favorite is Andy & Barney. We carry allot of leathers that you just do not see anywhere, Cheetah Chaps, leather chaps and vest with snake skin, just to give you an example. Custom made leathers to order in over 25 different colors. We also are the largest Dragonfly V-Twin clothing store in AZ. Check out the Don Ed Hardy bar ware or Nino 925 skull jewelry. We are open 7 days a week and located next to the Billet Bar in Scottsdale
Thanks,
Jennifer
