Arizona Biker Leathers
602-843-5847
19th Ave & Thunderbird
Phoenix

The owners, George and Ann of Arizona Biker Leathers have been going over 5 years with 5 expansions in the same building, they are really growing, great job guys(check this out), I was talking to them and they told me when they were married over 5 years ago the very next day they were at Motorcycle Mania all set up and working together....They really love what they do and helping all of you guys. Ann holds down the shop while George is in and out setting up at almost all the Motorcycle events here in AZ.

Some of my dearest friends include this husband and wife team. Right from the start we met we hit it off. They are really good, loyal, and caring people...so if you don't know them stop in and see them.

With the 4 expansion in the shop they added sewing and embroidery machines. They do all Biker Information Guides shirts...here is an idea...you can bring in or buy your own Leather vests or Jackets, or T-Shirts and have them embroidered what ever you want on it, they can do anything. As they say... if you don't see what you want...they can make it! Plus they have the largest selection of patches.

They are your one stop Leather store with a large selection of Women's and Men's T-Shirts, Jackets, Chaps, Vest, Boots, Helmets, Saddlebags, Tool bags, Gloves, Eyewear, Doo-Rags, Facemasks, and Pins. We all know you have to have a bell on your bike so if you don't, get one,, they have them too.

Stop in and see them and tell them
Kimmy & Kelly Sent Ya!
