

Hi-Performance Rider Education

As riders we need to always be learning. Our understanding of how to control the motorcycle is the single most important thing that keeps us safe on the road. But what are our options in continuing our education?

Until lately it has been limited to classes offered by the MSF. While these are excellent classes they don't specifically address the proper techniques of riding a Sportbike.

AzTrackday.com offers

Several different Sportbike specific training options:

- Riding Clinics – These classroom sessions are \$35 and are held on Thursdays from 7pm to 9pm at CaveCreek Rd & Greenway Pkwy.
- Trackday & Hi-Performance Rider Training – These events are held at Firebird Raceway (Wild Horse Pass and I-10) Classroom and on Track Instruction is included as well as FREE leather Rentals. Cost is \$119 ½ day or \$169 full day.
- Aztrackday Superbike School w/Doug Polen – 3 time WSB Champion will teach you the techniques and secrets of top riders. This is an Intensive 8 hour program. There are only 3 students per instructor giving everyone plenty of one on one time. \$449 (your bike) or \$599 (our bike)

For more information on these and other programs contact:
