

Feature Story #2 **Five Star Ford**

7100 McDowell Scottsdale, AZ
800-773-7543

As I talk to Rod and he told me that Five Star Ford is an automobile dealership licensed by Ford Motor Company and is currently located at 7100 East McDowell Road in Scottsdale, Arizona. The dealership was incorporated in 1984 and is wholly owned by Dr. Kenneth C. Scholz.

Dr. Kenneth C. Scholz is the President and Chief Executive Officer of Five Star Ford and has owned the dealership since 1984. Formerly an orthopedic surgeon and Clinical Professor of Orthopedic Surgery at Texas Tech University School of medicine, Dr. Scholz now devotes his entire time and efforts toward maintaining the high level of standards to which the dealerships customers and employees have become accustomed.

Five Star Ford sells new Ford Cars and trucks, and sells used vehicles of all makes. The dealership is a full service facility that includes a service department and a collision center. Additionally, Five Star Ford is licensed by Ford Motor Company to operate a Quick Lane service department, which provides minor services for all makes of vehicles among other things. We also offer a rental service.

They are happy to be a one owner dealership and can offer a relaxed and professional atmosphere in both sales and service. Five Star Ford maintains a good supply of both new and used vehicles. They stock specialty Ford Trucks and Cars, such as the two Mustang pictures shown. The Shelby GT Mustang and the customized GT Cragger Mustang.

They are the only Arizona Ford Dealer that stocks full size Mobility Vans to better serve our community. We have custom trucks such as the one on page 34, or stop by and test drive the all new 2008 Ford Super Duty with the new 6.4 liter diesel, or our F550 custom Crew Cab 4X4 with a pick-up bed and air ride suspension (only one like it in the state).

Stop in and tell them Kimmy & Kelly Sent Ya....

Rod also said please give them a chance to earn your business.
