

**Feature Story:
Ramjet Racing
Owner Ron
602-788-0364**

Ron and I go back over 11 years. Back when he had his shop in his garage at his house; he was one of my first advertisers. That was in 1997 and he has been in Biker

Information Guide over 10 years. Ron has become a good friend over the years, Thanks Ron....anytime my family, friends, or me need parts or help with our bikes he always drops what he is doing to help us. Everyone that goes into his shop is treated like family, I guess that's why he is doing so well and growing. He now has over 9,000 square feet within 3 buildings and has been at this location 8 years.

Ron is known for the Southwest's Largest & Lowest priced In-Stock parts selection. This year they are celebrating 14 years in business, great job Ron!

He has a great team over at Ramjet's with a qualified service department starting with Jerry who has been with him for over 7 years, Ron's son Tony, ReRon, Pete, JP, Sleeves, Russ and Tony. I asked Ron what he wanted you guys to know.... first he said "Thanks for all the support you guys have given him and his staff!" Then Ron said.... "We all ride motorcycles at this shop and we all know how to service and assist all riders for there needs!" Ramjet Racing has a complete parts department and large showroom, with everything to repair, or build a complete motorcycle; from custom spacers to complete bike building.

They have a complete custom fabrication facility, MIG & TIG welding, complete machine shop, engine & transmission specialist, with emission testing. Ron and his crew can help you with all your bike building projects, or even building the whole bike.

They do it all ...if you haven't been to Ramjet's stop in, you'll always have a friendly smiling face to help you with any questions you might have. They said they don't mind the questions...they have heard them all!

Thanks Ron for all the support you have given me over the past 11 years!

Tell'm Kimmy & Kelly Sent Ya
