

Feature Story **CC Owner of** **CC's Cycles in Glendale, Az** **602-246-9623**

Well guys, CC is one of the funniest customers we have in the Biker Information Guide. He has this way about him that just makes you laugh the whole time you're with him. He has this very unique sense of humor and is a blast to be around. You never know what he is going to say next.

He has been an advertiser with us now for a little over 5 years. CC is a Harley Davidson Technician, PHD certified, and he has been working on motorcycles for over 30 years. He has also worked at one of the local H-D shops here in the valley.....Buddy Stubbs.

CC is great at what he does, I have never had anyone call and tell me that they had a problem with the work CC has ever done. In fact I have had a few calls from you guys telling me thank you and what a great rate & job he did. The reason his rates are lower than some is because his over head is lower. CC works out of his home garage by appointment only.

As we talked a bit, CC wanted me to make sure you guys all knew how he felt....

He said... "Thanks for all the support over the years and it has really meant a lot to him for his loyal customers to stick with him when he went though his surgeries. He is fine and back working again, his hours have changed a little so please call first."

Hours are Monday -Saturday from 10am -7pm and he has towing available.

Flat Rate \$50.00 an hour

- 2500/7500-\$130
- 1,000-\$195
- 5,000- \$220
- 10,000- \$390

Tell him Kimmy and Kelly sent ya!
